

MAXIMUM PRICE FOR COAL TO BE FIXED

President's Cabinet Meets To Consider Situation, After Miners Decide To Strike

(By Associated Press)
Washington, Oct. 31—Federal government agencies moved swiftly today to meet Saturday's strike of soft coal miners. The developments included:

Orders to the railroads to confiscate all coal in transit, if necessary, to build up a reserve for operation of the roads;

Re-establishment of priorities list of the Fuel Administration so that railroads, public utilities and essential industries will have first call on whatever coal is mined and on that in storage.

Preparations of an executive order establishing a maximum price for coal and completion of department of justice plans for punishment of those guilty of profiteering and hoarding;

An announcement by Secretary Lane that the government would not hesitate to curtail the consumption of coal in industries 50 per cent so that essential industries might be kept in operation; The working out of plans by which those miners who wish to continue at work will be afforded every possible protection including Federal troops should that become necessary.

A general discussion by President Wilson's Cabinet which met in special session at the call of Secretary Lansing. Dr. Harry Garfield addressing the Cabinet asserted a revival of the Fuel Administration is not necessary to deal with conditions growing out of the strike, holding that the war time powers of that body are now vested in the Railroad Administration with full authority to distribute coal to essential industries.

Wilson's cabinet met today to consider the coal strike. An executive order restoring maximum coal prices will be issued by the President probably today. Officials would not say what maximum was determined upon.

MANY KENTUCKY MINERS TO WALK OUT

(By Associated Press)
Louisville, Oct. 30—Advises from Central City today indicated that the miners generally in western Kentucky will quit work Saturday. Definite information lacking from the eastern half of the state but unofficial reports indicated the mines in the strongly unionized counties of Harlan and Bell will be closed. In other nine counties the same source of information said unionization of the miners has not been so successful.

Hope For Miners Abandoned

(By Associated Press)
Steubenville, Ohio, Oct. 30—After battling their way to within 150 feet of the spot where 20 miners have been imprisoned since yesterday by fire, the rescuers today were ordered out of the mine at Amsterdam by officials, who feared an explosion might entomb the rescuers. Hope for the imprisoned miners has been abandoned.

MRS. B. F. GABBY GOES TO HER FINAL REWARD

Friends were deeply shocked and grieved Thursday morning when the news came that Mrs. B. F. Gabby had passed away, at a local hospital. She had been in declining health the past years, having undergone a serious operation at the Norton Infirmary in Louisville, about eight months ago, for the removal of gall stones, from which she never fully recovered.

Tuesday morning she was suddenly attacked with a uraemic convulsion, and was removed from her home on Lancaster avenue, to the Pattie Clay Infirmary, where a special nurse and physicians used every means known to science to fight the disease, but she never regained consciousness and death came to her relief at 8 o'clock.

Mrs. Gabby was a devoted member of the Baptist church, a true Christian wife, and mother. She is survived by her husband, Prof. B. F. Gabby, of the Caldwell School, one daughter, Mrs. Joe B. Arnold, of Louisville, and one son, Harold Gabby, to whom the loving sympathy of many friends is extended in their hour of deepest sorrow.

Funeral services at the home on Lancaster avenue at 5 o'clock Friday morning, by her pastor, Rev. O. Olin Green. Remains will be taken to Maysville on the 5:43 train.

MINERS' PRESIDENT HITS AT WILSON

(By Associated Press)
Indianapolis, Ind., Oct. 31—A direct attack upon President Wilson's course in the coal strike situation as a "climax of a long series of attempted usurpations of the executive power," was made today by John J. Lewis, Acting President of the United Mine Workers of America. The attack was made in a long telegram to Secretary of Labor Wilson replying to a message from him delivered to the conference here yesterday of officials and leaders of the union. The telegrams constituted the first exchange of views between the administration and the union. Union headquarters here refused to give out Secretary Wilson's communication if made public he should do it.

JACKSON WANTS PIKE TO MADISON

Neighbor Mountain County To Vote Road Bonds and Writes To Find Out What Madison

One of the great benefits that Madison county can obtain through the voting of the special 20-cent road tax will be to obtain a thru highway to Jackson county. Such a road will open up a vast trading district to Richmond and Madison county business men and farmers. With an outlet from Jackson county through Madison, the major portion of the trade of that rich mountain country would pass directly through Richmond.

Mayor L. P. Evans, of Richmond, has just received a letter from the Agricultural Agent of Jackson county which sets forth the matter. He says that Jackson county is going to vote road bonds, and that the people want a pike leading through the county. He says it will carry by a large majority.

Such an example ought to shame those in Madison county who are trying to defeat the road issue in Madison. The mountain counties realize what good roads mean and they are going to have them. Here's the letter that Mayor Evans received, and shows what an avenue of business is in prospect for Madison. A pike built to Big Hill will open up unlimited prospects. Is Madison county to be found lagging behind, with her sister county of the mountains setting forth such an example? The letter says:

Tyner, Ky., Oct. 21, 1919
Mr. L. P. Evans
Richmond, Ky.

My dear Mr. Evans:
We will hold an election Dec. 23rd to vote road bonds in Jackson county and as the people are anxious for a pike leading thru the county, I am sure it will carry by large majority. Clay county has already voted bonds and are anxious to connect with Jackson county. If Madison county desires to be connected to these mountain counties, (which would mean much to Madison), now is the time to act. I believe we can get Federal aid for this prospect if you Madison people will help out.

I will be in Richmond Monday evening, October 27th and would like to have a conference with you and your County Judge regarding this matter.

Respt. Yours,
W. R. REYNOLDS

"The Shepherd of the Hills"

The photo-play made from the novel of the same name by Harold Bell Wright, will be seen in this city Friday. The picturization of this story has taken a year and more to complete. The author at the head of the Harold Bell Wright Story-Picture Corporation of which Elsberry W. Reynolds, is publisher, is president, staff of assistants. The exteriors have been taken in the Ozark mountains, and the interiors in California. The work has been long and arduous—no expense has been spared, no detail overlooked. All of the people engaged in this great work have had enough thrilling experiences to last them the rest of their natural lives. The actress engaged for the part of "Sammy Lane" is an expert horse woman. In this particular, Mr. Wright has very exact—there can be no tricks of the camera—no illusions. It was not easy to meet the author's requirements. The young woman finally selected was born in Arizona, practically raised in the saddle. In the picture the scenes of "Sammy's" wild ride right down the mountain side when he rides through the lightning and rain to save the good old Shepherd from the lawless Wash Gibbs gang, the spectator is shown, very clearly, why Mr. Wright emphasized to point that this actress must know how to ride horse back. This scene is one of the most thrilling ever seen upon the screen.

RED CROSS CHAPTER TO CONTINUE SERVICE

Home Extension Work and Cooperation With Associated Charities Noble Aims

The Red Cross chapter of Madison held its annual meeting for the election of officers at its headquarters in the Masonic Temple Saturday afternoon and the following officers were elected:

W. Neale Bennett, chairman.
Mrs. W. H. Grider, vice chairman.

Mrs. D. L. Cobb, secretary and treasurer.

After a full discussion it was decided to adopt the Home Service Extension of the Red Cross peace program. In accordance with this program the Red Cross will minister to the needs of the disabled soldiers, sailors and marines and their families, employ and maintain a district nurse for community service in both town and county, and assist the Associated Charities in community activities in behalf of the poor, the sick and the needy in both town and county, with in the bounds of Madison county.

In the Home Extension work, it is the purpose of the Red Cross to render effective service not only in sickness and in times of epidemic and disaster, but thru the counsel and instruction of the trained nurse in the home to better living conditions in the home so as to lessen sickness and disease. The primary aim of its peace program is conservation rather than correction of health. It hopes to create a public conscience in regard to health where it does not exist and to quicken and enlighten it where it does exist; and in this work it earnestly solicits the sympathy and cordial cooperation of all the people.

TO SPEAK FOR STATE PROHIBITION VOTE

Rev. Wilbur F. Crafts, of Washington, D. C., superintendent of the International Reform Bureau, and Mr. David Reid cornetist and singer, have arrived in town one day sooner than expected, to speak and sing in behalf of the state prohibition amendment in a tour of the state. They have already spoken in Ashland, Mt. Sterling, Winchester, and Berea, and are scheduled for Paris, Lexington, Louisville and Newport.

At 7 o'clock tonight Dr. Crafts will speak in open air from the court house steps, if weather permits, and his short illustrated talk will be interspersed with original vocal solos by the winsome Scotch singer, Mr. David Reid, who will also play Scotch and patriotic solos on the cornet.

At 8 o'clock the union meeting will be held in the Court House instead of Friday.
Dr. Crafts has spoken in every one of the 48 states and in 28 foreign lands. He is the author of 18 laws of Congress and of 38 books. This morning he spoke and Mr. Reid sang at Berea College. Tomorrow morning at 8:30, Dr. Crafts will speak at the Madison High School on "Manliness and Womanliness," and Mr. Reid will sing.

GREAT GATHERING HEARS HARDY HERE

Madison Democrats Come Out By Hundreds To Hear Texan Speak For Black

A man who thinks the Democrats of old Madison are not aroused, and are taking little interest in the present campaign should have taken a peep into the court house Wednesday night when Congressman Rufus Hardy, of Texas, spoke in the interest of the Democratic ticket. Every seat was taken, the windows were all occupied, and the aisles crowded. It was a magnificent assemblage, and representative of the very best citizenship of the community. The Democrats of Madison are going to be on the job next Tuesday—there isn't a doubt of it.

The appearance here next Monday of Senator Beckham and Will Shanks, democratic nominee for lieutenant governor, will undoubtedly bring to town a bigger crowd than the court room can hold. Senator Beckham went to school at old Central University when a young man and Will Shanks is from Madison's neighbor county of Lincoln, his mother came from Madison and he married here, so that Madison feels an interest in him. Those who want seats on Monday afternoon, had better get in early. The speaking begins at half past one o'clock.

Congressman Hardy's train was late, but the big crowd was well entertained and edified by a rattling speech by County Attorney O. P. Jackson, and another by Judge J. C. Chenault. Hardy was very hoarse, and it was some time before he got his voice in trim but when he did, he poured forth the old-fashioned democratic doctrine in a way that made the hearts of every democrat who heard him glad. He discussed principally national issues and the League of Nations, which he declared the greatest issue of the age, and in the determination of which the election in Kentucky will have a direct bearing for the reason that a smaller than normal Democratic majority will be construed as a repudiation of the covenant for which President Wilson, the leader of the Democratic party in the nation, stands. In conclusion he made an appeal for the election of the Democratic State ticket, on its own merits and as an indorsement of the policies for which President Wilson and the Democrats in Congress stand. He was introduced by Campaign Chairman J. P. Chenault.

Steamer Burns On River

The steamer Sea Lion which plies the Kentucky river to Valley View and other points above, was totally destroyed by fire Wednesday while en route to Frankfort with three barges of coal. The steamer was valued at \$20,000, with \$10,000 insurance. The United States snag boat Gregory, which was at lock No. 11 was rushed to the scene, but arrived too late to be of assistance to the members of the crew, all of whom escaped with out injury. The barges were cut loose from the steamer and saved.

WHY is it that more and more smokers (millions now) are getting together with Chesterfields?

First of all, fine tobaccos. Our own buyers in the Orient send us the pick of the finest Turkish varieties (Xanthi, Cavalla, Smyrna and Samsoun). We blend these by a secret method with specially choiced Domestic leaf.

This method brings out new qualities of flavor—a smoothness, a richness, a mellowness that go right to the spot. That's the reason Chesterfields satisfy.

And remember—"Satisfy" is Chesterfield's secret, based on our own private formula, which cannot be copied.

Every package has a moisture-proof wrapping—another reason for Chesterfield's unchanging quality of flavor.

Mrs. Hale Dean made the top score. A delicious lunch was served at the conclusion of the game.

Simrall-Dye.

The following from the Mt. Sterling Advocate will be of interest to many friends here, where Dr. Dye was rector of the Episcopal church:

The marriage of Miss Martha Simrall, of Mt. Sterling, to Dr. W. D. Dye, of Winchester and Georgia, was solemnized at the home of the bride's cousin in Louisville Saturday, Dean R. L. McCready, officiating.

Miss Simrall is the daughter of Dr. and Mrs. Simrall, of Mt. Sterling, and is a very charming and attractive young girl, being one of the most popular young ladies of this place.

Dr. Dye came to Winchester from Georgia about four years ago where he accepted the pastorate of the Emmanuel Episcopal church. Dr. Dye was a very popular gentleman and formed a wide circle of friends during his stay here.

Immediately after the ceremony Dr. and Mrs. Dye left by train for Cincinnati, and from there will motor to Washington and New York on their bridal trip, and from there will go to Hancock, Md., to make their home where Dr. Dye has accepted the pastorate of the Episcopal church.

Mr. Paul Burnam spent Wednesday in Lexington.

Mrs. Alfred Martin is in Winchester for a visit.

Mr. Jeff Mitchell is visiting friends in Pineville and Barbourville.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Ohio, writes: "From the time I entered into womanhood . . . I looked with dread upon one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

TAKE

CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain."

"It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

Callus? "Gets-It" Will Peel It Off!

Nothing on Earth Like Simple "Gets-It" for Corns or Calluses.

A callus, or thickened skin on the sole of the foot, which often makes walking a misery is of the same nature as a corn. "Gets-It"

Use "Gets-It" and Dance, Even with Corns removes it as easily as it does the toughest corns. By using a few drops of "Gets-It" on the callus, you will be able to peel it off with your fingers, in one complete piece just as you would a banana peel. It leaves the skin free and smooth as though you never had a callus. You need no more fussy plasters, sticky tape, "package" bandages, knives or scissors for corns or calluses. "Gets-It" is the national corn remover, the biggest on earth, used by millions. It never fails. You'll work, play and dance at ease in spite of corns. "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago, Ill.

Sold in Richmond and recommended as the world's best corn remedy by Stockton & Son.

Here's A Boost From Michigan For "Cash And Carry" Plan

(By Associated Press)
Calumet, Mich., Oct. 30.—The elimination of the credit system and delivery charges would reduce the cost of living fifteen per cent, according to retail merchants who testified in the living cost inquiry conducted by Prosecuting Attorney Lucas of Houghton county. Two witnesses, representing two of the largest mercantile establishments in the district, testified that a cash system and a "carry-your-own" play would be a body blow to rising household expenses and they suggested these systems as the only remedy for present conditions.

It is probable testimony relative to the credit and delivery systems will be submitted to Attorney General Groesbeck of Michigan and legislation concerning these phases of mercantile business will be urged by the prosecuting attorney.

The ladies of the Presbyterian church will serve dinner Monday, county court day, November 3rd, in the Princess Rink. 50 cents. 282 4
